

Minnesota State University, Moorhead

Bachelor of Science in Project Management

Accredited by the Association of Technology, Management, and Applied Engineering

MSUM's Project Management Bachelor of Science Degree prepares graduates to become a bridge between departments by facilitating collaborative, interdepartmental efforts for project-based work. Project Management is an integral part of various professional fields. For projects both large and small, PM combines fundamental accounting knowledge, managerial expertise, and the core principles of Project Management which give graduates access to a wide-range of industries.

A minimum GPA of 2.50 is required to be admitted into the Project Management major.
